

January 2, 1974

CLERK: Mr. President, there's a request to withdraw LB78 pending.

PRESIDENT: Motion is to withdraw LB78. Senator Clerk do you wish to be recognized, on the withdrawal.

SENATOR CLARK: Yes, I'd like to withdraw the bill. I think it was a very very valid bill last year. But with the energy situation the way it is today, I think it would just confuse the whole thing. Therefore, I would like to withdraw the bill.

PRESIDENT: Thank you. The motion will be held over and debated tomorrow, or whenever we bring it up then. LB323 Constitutional Amendment.

CLERK: Mr. President. LB323 was considered last year by the Constitutional Revision and Recreation Committee. The committee indefinitely postponed the bill. On March 28 the bill was revived and placed on General File, and now we're sending the action to the committee on a motion by Senator Marvel. That's where it stands now.

PRESIDENT: Is Senator Marvel in the chamber? We're a little reluctant to go ahead and read the titles on these, and waste the time to do that unless we're in a position to go ahead and debate the bill. Senator Marvel we're proposing to take up at this time your LB323. Are you ready for that, or do you want the Clerk to read the title and so on. Clerk will read the title.

(End of Belt #18)

(Start of Belt #19)

CLERK: Legislative Bill 323 introduced by Senator Marvel (Read)

PRESIDENT: The chair recognizes Senator Marvel.

SENATOR MARVEL: Even though this is a non-contraversial piece of legislation there is an amendment or two pending and so I would like to have the bill bracketed till the 16th..17th of January.

PRESIDENT: Are there objections to bracketing the bill until January 17th. Any objections. Hearing none. So ordered. The bills bracketed then until the 17th of January. Move on to the General File consideration of LB438. Senator Waldron are you ready to take up LB438. All right. Clerk will read the title to LB438.

CLERK: Read LB438)

PRESIDENT: The chair recognizes Senator Kremer then then for the committee amendments to LB438.

SENATOR KREMER: Mr. Chairman, members of the Legislature. LB438 is originally drawn. I'll just mention it. Senator Waldron will explain the bill. But in order to explain the amendment I will have to touch upon the purpose of the bill. It provides that a financial institution can contract with a common carrier to haul documents of various kinds. And it would not be subject to regulations by the public service commission. The bill was superceded by an amendment which provided that any carrier carrying these bank documents would be subject to public service commission with the exception of the rates that would be established. That's all this amendment does. And it changes the wordage of Railway Commission to Public Service Commission. This is what the committee
